## **(Example Testimony):**

*Todd and Lanai have developed a unique and highly effective Sports Massage company that is directed towards athletes. Their professionalism, caring nature and highly skilled techniques have significantly aided in the relief to my Jitsu injuries. They have successfully prepared my body in a Pre-Fight Warm-Up Massage before a MMA event to prevent injury and have aided me in relief of any muscle strains that I encountered during the event in a Post-Fight Cool-Down Massage.*

*I have personally noticed significant improvements to my past arm and shoulder injuries and have increased my flexibility with their sports massage techniques.*

*I highly recommend fighters to receive a professional Pre-Fight Warm-Up Massage and a Post-Fight Cool-Down Massage from **Elite Massage Professionals** at their next athletic event to assist them in becoming an elite athlete.*
